What else do we do?

RTL Super "A" & "U" Tooling

The RTL Super "A" & "U" range has been specially developed for high speed machining of Acrylic, Polycarbonate, Nylon, PETG, Dibonds, MDF, timbers, plywood, & other plastics.

Sign Makers Aluminium Cutters

Super strong reinforced single flute spiral Cutter, specially developed for soft aluminium as used by Sign Makers. High Helix flute for fast chip evacuation & a special tip for two stage clearance.

CNC Tooling

Full range of CNC router tooling, including Compression, solid carbide, straight & spiral design routers, TCT straight flutes, diamond PCD tooling, TCT "V" point & lip & spur drills. We also provide a be-spoke full design tooling service.

Standard Tooling

Comprehensive high quality range of tooling suitable for CNC machines, overhead routers & hand power tools. From leading manufacturers at highly competitive prices.

Collets & Toolholders

High precision dead-size collets & toolholders for your CNC machines & overhead routers. RTL collets and toolholders are fully hardened, precision ground and fine balanced.

Accessories

Full range of accessories, from tool care, maintenance, jigs & fixtures, bearings, replaceable tip blades, Texon Matting, router table accessories, pocket hole jigs, clamps, to screwdriver bits.

Diamond Polishing — Head Servicing

Our comprehensive service includes: condition report, full re-lapping on all cutting tips, high precision optical height setting & balance test. All popular heads serviced, New tip replacement service, Dynamic balancing available.

A full re-sharpening service is available for all of the tooling we stock, visit: www.routertooling.co.uk/resharp
